

HTC TyTN II

The Ultimate Mobile Companion

Ready for Business?

More powerful than anything you've seen before, the HTC TyTN II takes communications to the next level. Communicating while on the move is a breeze with the ergonomic tilting design that positions the screen perfectly for reading and creating emails.

The full range of wireless connectivity ensures you can roam anywhere in the world and still enjoy a high-speed internet connection. Important information is just a glance away with the HTC Home™ screen – giving an instant view of email, calendar, messages, missed calls, dynamic weather updates and more.

Staying connected means staying ahead. With a complete suite of Microsoft® Office Mobile applications including Outlook®, Word, Excel®, and PowerPoint®, out of office doesn't have to mean out of the loop. Always ready for business, the HTC TyTN II ensures you are too.

Highlights

- Do more on the move with Windows Mobile® 6 Professional - instant email, calendar and contacts synchronisation
